PROFILE

Senior Web Developer with 3.5+ years of experience designing, developing, and maintaining high-performance web applications. Specialized in full-stack development using JavaScript, React.js, Next.js, Node.js, PHP, and Laravel. Proven expertise in performance optimization, RESTful API integration, and code quality improvement. Experienced in mentoring junior developers, leading development tasks, and collaborating across teams to deliver scalable, user-focused solutions.

WORK EXPERIENCE

ARH Technologies

2021 - Present

Web Developer & Team Leader

- Led a team of web developers to design and deliver customized web applications based on client requirements.
- Developed and maintained full-stack solutions using React.js, Next.js, Node.js.
- Integrated third-party and internal RESTful APIs to improve system functionality and performance.
- Optimized website performance, reducing load times through code refactoring and best-practice implementation.
- Mentored junior developers, conducted code reviews, and enforced Git version-control standards.
- Collaborated cross-functionally with designers and backend teams to ensure responsive and user-friendly UI/UX.

Asia Euro University

2023 - 2024

Microsoft Office (Teacher)

- Taught Microsoft Office tools including Word, Excel, PowerPoint, and Outlook to university students.
- Prepared structured lesson plans, learning materials, and practical exercises.
- Guided students in creating professional reports, presentations, and data-driven spreadsheets.
- Evaluated student progress and provided feedback to improve productivity and technical skills.

Cambodian Distribution System

2019- 2020

Database Administrator

- Managed and maintained MySQL and SQL Server databases to ensure high availability and performance.
- Performed database optimization, query tuning, and regular system backups.

- Implemented data security measures, access control, and integrity checks.
- Collaborated with software developers to improve data access efficiency and application performance.
- Monitored database health and resolved performance or data-consistency issues.

MM Pharma Co.,LTD

2018- 2019

Graphic Designer

- Designed visual assets including logos, banners, social media graphics, posters, and marketing materials aligned with brand guidelines.
- Collaborated with marketing and development teams to create UI/UX visuals that enhanced user engagement and brand consistency.
- Used tools such as Adobe Photoshop, Illustrator, and Figma to produce high-quality designs for digital and print platforms.
- Translated client requirements into creative design solutions while meeting deadlines and quality standards.

EDUCATION

Master of Computer Science

2023 - 2025

Asia Euro University

Bachelor of Computer Science

2016 - 2020

Royal University of Phnom Penh

COVER LETTER

Dear Hiring Manager,

I am writing to express my interest in the **Senior Web Developer** position. With over **3.5 years of professional experience** in full-stack web development and team leadership, I am confident in my ability to contribute effectively to your organization.

I am currently working as a **Web Developer & Team Leader at ARH Technologies**, where I lead development projects and mentor junior developers. My experience includes building and maintaining scalable web applications using **JavaScript, React.js, Next.js, Node.js, PHP, and Laravel**, as well as integrating RESTful APIs and optimizing system performance. I consistently focus on clean code, performance improvement, and delivering user-friendly solutions.

In addition to my development expertise, I have strong collaboration and leadership skills. I regularly work with designers, backend teams, and stakeholders to ensure project requirements are met on time and to a high standard. My background also includes experience as a **Database Administrator and Graphic Designer**, allowing me to understand systems from both technical and visual perspectives.

I am passionate about continuous learning and delivering high-quality web solutions that improve user experience and business performance. I would welcome the opportunity to bring my skills and dedication to your team.

Thank you for your time and consideration. I look forward to the opportunity to discuss how my experience can support your organization's goals.

Sincerely,

Chham Dararaksme
